FHILIP KR P LORENZO

09475574266 **lorenzofhilip7@gmail.com** **Antipolo City**

SUMMARY

Information Technology with extensive experience in web-based system development and database management, experienced in PHP and JavaScript. My key achievements include developing a comprehensive gym management system for Manila Total Fitness and designing a library management system for Adamson University to improve operational efficiency. Seeking a Junior Developer position, where I can bring my web development and database skills to support your mission of delivering innovative technology solutions.

SKILLS

HTML   CSS   Javascript   PHP   Laravel   Database Management   UI/UX Design   Python

Adobe XD   Git   Github   phpMyAdmin   MySQL   Figma   Microsoft Office
